EXPERIENCE

• Enhance42

May 2024 - June 2024

Web Development Intern

Visakhapatnam

- Designed and developed responsive web applications, including dynamic and user-friendly landing pages.
- Ensured optimal user experience through iterative design improvements.
- Utilized Git and GitHub for version control and collaborative development, ensuring efficient project management.

EDUCATION

• Gayatri Vidya Parishad College of Engineering (A)

September 2023 - Present

Bachelor of Technology in Computer Science and Engineering

Visakhapatnam, Andhra Pradesh

- Major GPA: 8.15/10.00

PROJECTS

• International Travel Intelligence Platform

Ongoing

Tools: React, TypeScript, Vite, Tailwind CSS, React Query

- Developed a platform offering **legal insights, cultural adaptation tools, and practical resources**.
- Implemented **country selection, legal comparisons, and real-time data integration**.
- Integrated APIs for **exchange rates, travel advisories, and emergency contacts**.

• Chrome Extension for Web Traffic Debugging

Hackathon Project

Tools: JavaScript, Chrome DevTools API, HTML/CSS

- Built a Chrome extension to monitor websites under **heavy traffic conditions**.
- Captured **network requests and console logs** to identify bugs and optimize performance.
- Displayed **real-time stats and alerts** via a user-friendly interface.

SKILLS

- **Programming Languages:** C, Python, Java
- **Web Technologies:** Basic of HTML, CSS, JavaScript, React
- **DevOps & Version Control:** Git and GitHub
- **Design:** Canva, Figma, Framer

ROLES AND RESPONSIBILITIES

- **Supporting Member (AsCI - Association of Computer Intellects):** Organized workshops, seminars, and hackathons. Worked on Cybersecurity projects and R&D.
- **Joint Secretary (Gayatri College Cultural Club - GCCC):** Led and coordinated cultural events, managing planning, budgeting, and communication between faculty and club members. Ensured smooth execution and transparent financial records.
- **Technical Team Member (Gayatri College Cultural Club - GCCC):** Designed posters and promotional materials. Managed technical logistics for events. Created audio-visual mixes for performances.

ACHIEVEMENTS

• Organized: Test Interview Coding-Based Test

July 2024

cs50.dev Platform

- Created a coding-based test for seniors under faculty guidance.
- Managed the backend on GitHub, facilitating seamless test execution and feedback.
